

**LEMON-CARROT**  
**Regenerative cream**

Code: 2003

A mild cream with a refreshing effect and a pleasant typically lemon scent. Suitable for normal to oily skin. It restores the skin's elasticity. It is convenient for cosmetic treatment of the so called problematic skin with minor blemishes.

**Main ingredients:** Vegetable oils: almond, jojoba, evening primrose, sunflower. Essential oils: lemon, carrot seed. Emulsifiers, lecithin. Glycerin. Beeswax. Vitamins A, E, C. Beta-carotene, panthenol. Distilled water.

**Application:** After washing your face and applying face lotion or a toner, dab on an adequate amount of the herbal regenerative cream and work in gently. The skin won't appear shiny after the application.

**Information:** To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.
