

**ARADEA**

**Special herbal regenerative cream for skin exposed to UV radiation for prolonged periods**

Code: 2020

A special preparation capable of quickly optimizing tissues which have become sensitive due to burns, whether regular ones or caused by UV radiation as part of radiotherapy. This is made possible by the active ingredients present in the cream. Although the quality and precision of the instruments used in radiotherapy has increased considerably in recent years, burns remain a frequent side effect of this therapy even now. It goes without saying that radiation or skin burns dramatically decrease skin's regenerative function. Thanks to its constituents, which are known for their regenerative and soothing effects, the preparation is suitable for skin that is exposed to sunlight or radiation for long periods of time. It is suitable for all skin types.

**Main ingredients:** Vegetable oils: almond, jojoba, sesame, wheat germ, shea butter, borage, sunflower. Beeswax. Lecithin. Essential oils: lavender, marjoram, carrot seed. Emulsifiers. Vitamins A, E, F, C. Beta-carotene, panthenol. Glycerin. Distilled water.

**Application:** Wash the skin, apply the required amount of the herbal regenerative cream and work in gently. The skin is not shiny after application.

**Information:** To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

**INCI:** Aqua, Cetearyl alcohol, Helianthus annuus Seed Oil, Prunus amygdalus Dulcis Oil, Glycerin, Sesamum indicum Seed Oil, Simmondsia chinensis Seed Oil, Panthenol, Butyrospermum parkii Butter, Tocopheryl acetate, Sodium cetearyl sulfate, Triticum vulgare Germ Oil, Borago officinalis seed Oil, Squalane, Lavandula angustifolia Oil, Cera flava, Lecithin, Urea, Lactic Acid, Daucus carota sativa Seed Oil, Retinyl palmitate, Thymus vulgaris Flower/Leaf Oil, Thymus serpyllum Oil, Salvia officinalis Oil, Lavandula hybrida Oil, Rosmarinus officinalis Leaf Oil, Eugenia caryophyllus Flower Oil, Citrus limon Peel Oil, Rosa damascena Flower Oil, Piper nigrum Fruit Oil, Allantoin, Melaleuca alternifolia Leaf Oil, Ascorbic Acid, Beta-carotene, Origanum majorana Flower Oil

**Storage:** The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
