

TEA TREE SPF 6

Tea tree regenerative cream with protection factor for skin with acne

Code: 2030

A multiactive cream containing natural essential oil from the Australian tea tree *Melaleuca alternifolia*, known for its outstanding anti-inflammatory, antifungal and healing effects. The cream is useful especially for problematic skin prone to acne. The SPF 6 variety is particularly suitable for the summer season as an active protection against UV radiation.

Thanks to the selected ingredients, it makes the skin supple. It may be applied on skin with minor surface injuries, scrapes, or after insect bites. The cream may help when tackling skin infections and fungi.

Main ingredients: Vegetable oils: walnut, soybean, jojoba. Unbleached beeswax. Lecithin. Tea tree essential oil. Emulsifiers. Vitamins A, E, F. Beta-carotene, panthenol. Glycerin. Distilled water.

Application: Wash your face and apply the required amount of the regenerative cream on the skin, working it in gently. The skin is not shiny after application.

Information: To wash your face before applying the cream, we advise to use surfactant-free washing agents, since it is well known that surfactants deprive the skin of oil, drying it out. It is for this reason that soaps, even the liquid ones, are discouraged. Hydrophilic washing oils can be suggested as a better alternative.

INCI: Aqua, Glycine soja Oil, Cetearyl alcohol, Juglans regia Seed Oil, Octocrylene, Glycerin, Melaleuca alternifolia Leaf Oil, Simmondsia chinensis Seed Oil, Cera flava, Lecithin, Butyl Methoxydibenzoylmethane, BIS-Ethylhexyloxyphenol Methoxyphenyl triazine, Panthenol, Sodium cetearyl sulfate, Tocopheryl acetate, Urea, Lactic Acid, Thymus vulgaris Flower/Leaf Oil, Lavandula hybrida Oil, Thymus serpyllum Oil, Salvia officinalis Oil, Rosmarinus officinalis Leaf Oil, Eugenia caryophyllus Flower Oil, Piper nigrum Fruit Oil, Citrus limon Peel Oil, Rosa damascena Flower Oil, Allantoin, Retinyl palmitate, Beta-carotene

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10 °C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
