

**LECITOL NEUTRAL SUPER**  
**Massage oil**

Code: 2719

LECITOL NEUTRAL SUPER is composed of superb vegetable oils, which are active ingredients in themselves. On top of that, the high lecithin content opens up the possibility of creating unique massage, bath, and shower preparations, both oily and “milky” ones.

One of the possible roles of LECITOL NEUTRAL SUPER is that of an excellent neutral massage oil. But as with bath oils, it is possible to modify its desired effects by adding specific essential oils. You can get delightful massage emulsions by mixing (a strong shake will do) a small amount of water, or ideally a face lotion, with LECITOL (1–2 units of water per 5 units of oil). Both in its neutral form or with specifically selected essential oils, LECITOL NEUTRAL SUPER makes for an exclusive body oil (or rather a waterless cream) for normal and dry skin, e.g. after showering or bathing.
