

Code: 1921

An exclusive preparation whose inherent regenerative properties are enhanced by the high content of vitamins A, E and F. Not even this regenerative oil could do without another very interesting ingredient which is of course lecithin. Its regenerative effects make it suitable not only as a protection against the signs of aging, but also as a cell regenerator for mature skin. Thanks to the high content of unsaturated fatty acids and the gamma-linolenic acid in particular, it can be recommended to deal with various complexion phenomena (dermatitis, including the atopic variety, psoriasis, neurodermatitis, etc.). The preparation has a very pleasant exotic jasmine fragrance and is suitable for all skin types.

Owing to the selected ingredients, the preparation may boost metabolic processes and keep the complexion supple and flexible. The active ingredients have antiseptic and deodorant properties. They return a youthful look to the tired complexion and prevent wrinkle formation. They provide complex protection against negative environmental effects. Regenerative oils also provide long-lasting hydration.

Main ingredients: Vegetable oils: borage, jojoba, macadamia, rose hip seed, almond, karité. Lecithin. Essential oils: jasmine. Vitamins A, E, F.

Application: Having washed your face, apply a few drops of the oil on the moist complexion and gently massage the forming emulsion into the skin. Facial oils are very economical compared to creams – 30 ml of regenerative oil corresponds to 150 ml of a regular cream. The skin doesn't look oily after application. It is suitable for all skin types.

Information: Regenerative facial oils have a protection factor of at least 2, which prevents premature skin aging due to ultraviolet radiation.

INCI: Simmondsia chinensis Seed Oil, Linum usitatissimum Seed Oil, Butyrospermum parkii Oil, Macadamia ternifolia Seed Oil, Borago officinalis Seed Oil, Rosa canina Seed Oil, Prunus amygdalus Dulcis Oil, Cannabis sativa Seed Oil, Tocopheryl acetate, Lecithin, Retinyl palmitate, Jasminum officinale Oil, Benzyl benzoate, Linalool, Benzyl alcohol, Eugenol

Storage: The stated expiry date can be substantially extended by keeping the product in a dark and cold place (ideally in a fridge at 6–10°C).

Best before the date indicated on the packaging. Batch number and volume are indicated on the packaging.
